WHO WE ARE

Elleganza Cabinetry – Crafting Dreams, One Project at a Time

Elleganza Cabinetry is the result of two dreamers, David and Thiago, whose stories of perseverance, passion, and vision laid the foundation for a company that today inspires clients and collaborators alike. Their journey is a testament to the power of dedication and family values, driving them to create a business that transforms homes and lives.

A Company Driven by Purpose

Today, Elleganza Cabinetry is a leader in custom home design solutions. David, Thiago, and their dedicated team of over 40 collaborators continue to dream big, delivering excellence through craftsmanship and personalized service. With each project, they aim to create not just elegant spaces but lasting relationships with clients.

Their mission is clear: to grow alongside their collaborators and clients, sharing the success that comes from passion, innovation, and integrity. Elleganza Cabinetry is more than a business—it's a legacy of dreams, built one cabinet at a time.

The Evolution of Elleganza

The business started with a division under TR Group focused on labor and installations. However, frequent challenges with damages and service integration inspired Thiago to simplify the process for their clients. When demand grew for custom cabinetry, they founded Elleganza to separate and specialize in this service.

David’s Story: A Dream in Pursuit of Opportunity

In 2016, David arrived in America with a dream to build a better life for his family, honoring his mother’s aspirations. He faced many challenges, especially with his wife pregnant at the time. Yet, with the support of his family, he persevered and began working in carpentry just two months after arriving. The hardships fueled his determination to succeed and create opportunities for others.

Thiago’s Story: From Heavy Labor to Crafting Homes

Thiago came to the United States from a background of hard labor in the countryside. Originally working in construction, he soon discovered a passion for carpentry and the transformative power of design. Creating spaces that turn dreams into reality became his calling, driving him to seek greater opportunities in custom craftsmanship.

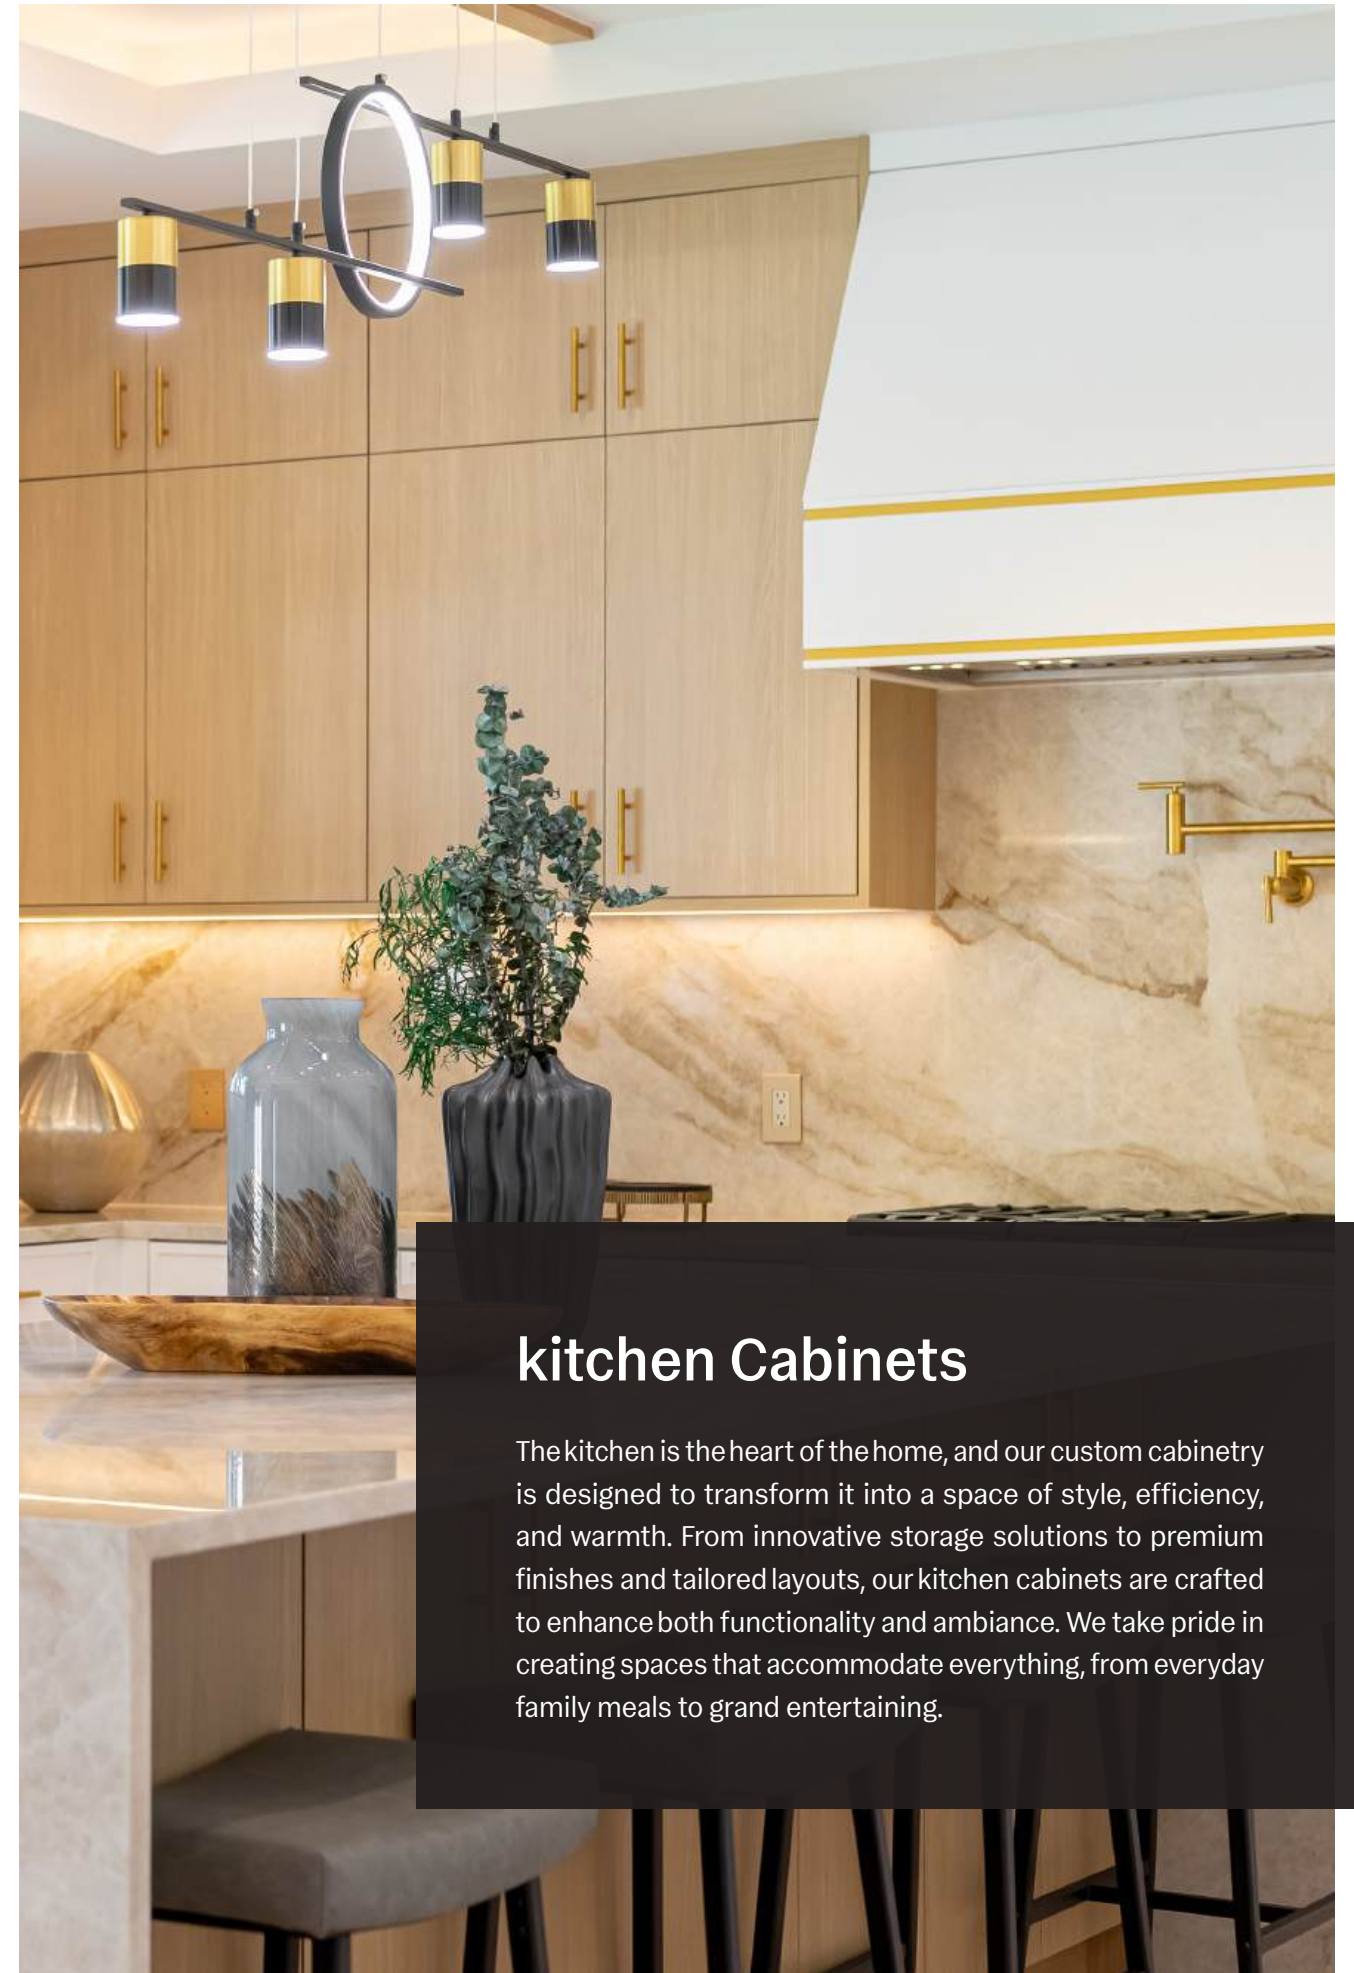

A Partnership Built on Vision

David and Thiago's paths converged when Thiago invited David to leave his employer and start a business together. What began as a small venture grew into a thriving company with over 40 employees. For both founders, their vision extends beyond profits—they value their team as a family, knowing that every employee, like them, seeks to return home to their loved ones with pride and purpose.
