Who we are

At First Class Marble & Granite, we are a family-owned and operated business that prioritizes 100% satisfaction in both our services and products. We utilize state-of-the-art technology and follow a step-by-step process to ensure that every job is completed with the highest quality, efficiency, and on-time delivery. Our commitment to quality extends to not only our products, but also our customer service. We believe in educating all of our clients in the products they are selecting to ensure clear and accurate product knowledge. This way, our clients can choose the right stone for their needs. With a flagship showroom, two warehouses, and a yard featuring a wide variety of materials, located in Franklin, as well as a satellite showroom in Newton, First Class Marble & Granite is dedicated to providing our customers with the best quality products and services available. We take pride in

utilizing the latest in digital countertop programming and fabrication technology. We specialize in creating digital templates using laser technology, and we can provide you with a digital rendering of what your countertops will look like with your chosen stone selection. Thanks to our state-of-the-art equipment (from Park Industries), including our P.I. Yukon II semi-digital bridge-saw and our P.I. Saber 5-axis blade CNC saw, along with our newest technology, with the P.I. SaberJetXP 5-axis blade and water jet CNC saw, we can fabricate even the smallest items with precision and efficiency using water and garnet abrasive. We are committed not only to producing high-quality products, but also to being environmentally conscious. All of our water is 100% recycled, and we are in the process of planning for our shop to be powered by solar energy. When you work with us, you can expect our fully trained crews, each led by an experienced leader, to provide you with personalized service that goes above and beyond your expectations. From calling ahead to arriving on site and reviewing the installation checklist, we do everything we can to ensure your satisfaction.

How it all started

In 2011, a family business called First Class Marble & Granite was established by Leo and Angelica. Leo, with the help of one assistant, handled all the field and shop work while Angelica ran the office. They initially rented a single bay in an industrial building in Franklin, MA, equipped with a pickup truck and basic tools. In 2012, their first son was born and they expanded their business by acquiring a showroom in Newton. These new steps motivated them to put in all their effort to ensure the success of both their business and family.

Over the years, First Class Marble & Granite has experienced tremendous growth as a family-run business. With the addition of more employees and equipment, they have expanded their operations while also welcoming three more sons into their family. In 2017, the company accomplished a major milestone with the acquisition of their main location at 60 Earls Way in Franklin, MA – this was a significant turning point that led to their success today. Today, the company has become digitally advanced, using laser templating and CNC saws and router machines. They operate with two template technicians, five installation crews, 18+ shop and warehouse employees, 10+ office employees, and all four Dos Santos boys.

What we do

We work in all aspects of the construction industry ranging from residential jobs to multi-unit jobs and even condo/apartment complex jobs. We use state of the art technology and we have full displays in our beautiful showrooms. At our Franklin location, we stock over 100 colors of natural and engineered stones from all over the world. We also work with all of the stone wholesale vendors in New England as well as many out of state vendors.

Check-out our inventory to see what materials are in-stock to use for your project. View photos of our work in The Portfolio.

If you are looking to start generating ideas for your next countertop project or if you're ready to bring your project to life, don't hesitate to reach out and let us show you what we're all about!

Our timeline

2011

In 2011, a family business called First Class Marble & Granite was established by Leo and Angelica. Leo, with the help of one assistant, handled all the field and shop work while Angelica ran the office.

2012

In 2012, their first son was born and they expanded their business by acquiring a showroom in Newton. These new steps motivated them to put in all their effort to ensure the success of both their business and family.

2017

In 2017, the company accomplished a major milestone with the acquisition of their main location at 60 Earls Way in Franklin, MA – this was a significant turning point that led to their success today.

2019

Technological Advancements: First Class Marble & Granite upgraded its production capabilities by incorporating cutting-edge laser templating and CNC machinery, allowing precision and efficiency in every project.

2020

A Green Future: The company began implementing sustainable practices, including 100% water recycling and planning for solar-powered operations, aligning its production with eco-friendly standards.

2022

Expanding the Team: With over 30 employees, including four Dos Santos sons working alongside their parents, First Class Marble & Granite strengthened its family-oriented legacy while ensuring exceptional service.

2024

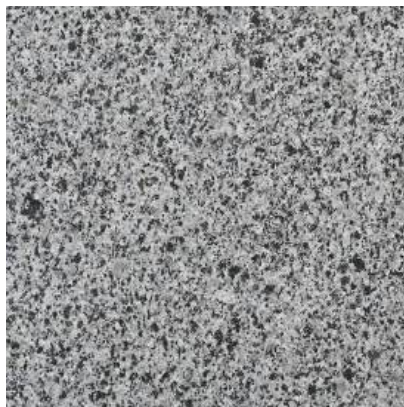

First Class Excellence: Continuing to grow and innovate, the company works with top designers, architects, and contractors to deliver high-end stonework. With God as their foundation, they face new challenges with integrity and dedication.

Inventory
